

Storm Data and Unusual Weather Phenomena - March 2015

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
----------	-----------	-------------------	---------------------	------------------------

MICHIGAN, East

(MI-Z054) TUSCOLA, (MI-Z055) SANILAC, (MI-Z062) LAPEER

03/31/15 00:00 EST	0	Heavy Snow
03/31/15 05:00 EST	0	

An intense west to east aligned snow band set up across Tuscola, Lapeer, and Sanilac counties, with 4 to 8 inches falling in 6 hours or less. Snowfall accumulations quickly tapered off farther south and north.

Here are some of the higher snowfall amounts:

Caro 8 inches.

Sandusky 6 inches.

Lapeer 5 inches.
