#### GAGE COUNTY --- CLATONIA [40.47, -96.83]

11/01/13 16:18 CST	0	Hail (0.75 in)
11/01/13 16:18 CST	0	Source: Public

Accompanied by gusty winds of unknown strength.

Cool temperatures aloft combined with a disturbance tracking southeast across the plains and brought scattered showers and isolated thunderstorms to eastern Nebraska during the afternoon and early evening of Nov. 1. Some of the showers and storms contained gusty winds, and a few even produced hail.
