Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
----------	-----------	-------------------	---------------------	------------------------

NORTH DAKOTA, Central and West

(ND-Z048) LA MOURE, (ND-Z051) DICKEY

11/22/10 04:00 CST	0	Heavy Snow
11/22/10 20:00 CST	0	

A storm ejecting out of the Central Rockies and into the Northern Plains brought heavy snow to southeastern North Dakota Monday, November 22nd.

A band of very low density snow developed across the southern James River Valley of LaMoure and Dickey counties during the early morning, with an estimated snow ratio of thirty to one. Storm total snowfall over these two counties ranged from six to just under twelve inches.
